Northeast Health Wangaratta and Smith & Nephew
Negative Pressure Wound Therapy

**Presenter:** Samantha Chopping, Clinical Educator, Smith & Nephew

**Workshop Objectives:**

At the conclusion of this session the participant will:

- Understand the physiology of wound healing
- Understand the Principles of Negative Pressure Wound Therapy (NPWT)
- Be confident in applying Negative Pressure Wound Therapy to a variety of wounds
- Be able to trouble shoot the NPWT system
- Be able to use the case studies and skills station experiences received at this workshop to assist practice in the workplace
- Understand the criteria for use, and application of, PICO NPWT
- This workshop is intended for wound champions, home based nurses and other interested clinicians who wish to gain skills and confidence in the use of NPWT
